SUBJECT.

Building grant to St. Patrick's School, Chaman.

It is proposed to enlarge & improve the building of St. Patrick's School at a cost of Rs 4454. The management has asked for a grant of $\frac{2}{3}$rds of the estimated amount (Rs 2968), but the Executive Engr recommends a half grant (Rs 2227) - Unless for special circumstances, the grant is not ordinarily to exceed one-half of the total cost (Article 57 of the Code for European Schools)

2. The budget provision for the next year for building & special grants is Rs 15,000, but the Comptroller of Indian Treasuries has been subsequently asked to increase the provision to Rs 25,000/- If the latter amount be sanctioned, it will be possible to

2. The A. C. R. S. has reported that plans are available & the estimate are correct. The cost of the improvements is estimated at ₹ 4454, & the Director having recommended a half grant, a grant of ₹ 2,200/- may, if approved, be sanctioned, provided the Manager furnishes the certificate referred to in article 53 of the Code of Regulations for European schools in Bangalore, i.e., that the funds at his disposal will when added to the grant which it is proposed to sanction, suffice to meet the full cost of the work. It was stated in the application for grant that the Manager had ~~of~~ ₹ 1486 for the proposed work.

Flag B
Sl. N. 48

In pursuance of the Inspectors' letter of 17th Feb: 1908, it was resolved that the Management undertook to execute a trust deed as required by article 56 of the Code, when a building grant was previously sanctioned for this school, a trust deed had been executed - Vide para 4 of this office letter No. 3157 of 15th Sept: 1893, & it seems unnecessary to have another deed drawn up again because the building is to be enlarged & improved with a further grant. The first deed would meet the requirements of ~~[illegible]~~ article 5 of the Code. ~~If approved the Board might be consulted on this point.~~ As however a new Code of Regulations has been introduced, it may perhaps be as well to have a fresh trust deed executed under the provisions of this Code.

(The grant, even if sanctioned at once, cannot in whole or part be paid until the budget for 1908-1909 has been sanctioned - It would seem convenient to obtain, after budget has been sanctioned, proposals of the Board as to the date for the distribution of the allotment for building grants to the several schools concerned.)

A building grant of Rs 2,200 was recently sanctioned towards the enlargement and improvement of the buildings of St. Patrick's School, Bangalore, and in part adjustment of the above grant a payment of Rs 1200 was also sanctioned from the allotment in the current year's budget. The Correspondent now proposes to this School at a cost of Rs 1760/- as it is reported to build an upper storey as it would be cheaper and would provide more sleeping accommodation for the inmates of the Orphanage whose dormitory is a little overcrowded. The A.C.R.E. who was also consulted in the matter by the Correspondent reports that the design is suitable. But it is not possible to advance any amount to this School from the current year's budget and the grant applied for viz Rs 880/- may, if approved, be provided in the next year's budget.

Building grant for St. Patrick's School.

In September 1908, a grant of Rs 2200/-
was sanctioned for enlarging & improving
St. Patrick's School, & the payment of Rs 1200/-
in part adjustment was ordered. For
the balance of Rs 1000/- provision was
made in the budget for 1909-1910, but
it became possible to pay from the allotment

for 1908-1909 a further sum of Rs 590 - so
that the balance still due on this
account is only Rs 410 -

2. While the enlargement above
referred to was going on, it was considered
necessary to erect an upper storey at an
estimated cost of Rs 1960 - on the report of
the A.C.R.S, it was decided to sanction

P.55

a grant of Rs 880, & the necessary provision
was accordingly made in the budget for 1909-1910

SH

It appears from the papers now forwarded by the Director that a supplemental estimate for Rs 600 in 6-1 has been approved by the A.C.R.S. on this account. The grant required for 6-9 has therefore been increased from Rs 880 to 1,180.-

3. The sum required for St. Patrick's School building comes to Rs 410 + 1180 or Rs 1590, and the provision made in the budget for 1909-1910 on account of this object is Rs 1,880.- If approved, payment of Rs 1590/- may be sanctioned.

Letter No.D/93 dated the 17th February 1908, from the Inspector of European and Training Schools, to the Director of Public Instruction, Madras.

In continuation of this office letter No.D/430 dated 24th May 1907, I have the honour to submit herewith an application for a building grant under Section X of the Code of Regulations for European Schools, Bangalore, on behalf of St Patrick's Orphanages and Lower Secondary School with necessary plans and estimates.

2. The management ask for a two thirds grant, but I do not find any special grounds for recommending more than the ordinary half grant under Art.57 of the Code.

3. The plans and estimates which have been prepared by a Retired Assistant Engineer of the D.P.W . Mysore, may be sent to officer in charge of the Public Works in the Civil and Military Station, Bangalore, to be checked and passed by him.

4. The Correspondent reports that the management undertake to execute the trust deed required by article 56 and that the title to the property (Art.58 (E)) is clear. I enclose a copy of the order of the Military Department on the latter subject.

Copy of letter from the Correspondent St. Patrick's Lower Secondary School and Orphanage Bangalore., Dated 31st July 08.

Reference my application dated 11th November 1907 and to the Proceedings of the Director of Public Instruction dated 24th April 08, Communicated to me under date 7th May 1908.

Only a lower storey to the extension proposed to make to St Patrick's School and Orphanage was provided for.

But when the Director of Public Instruction and the Honble the Resident in Mysore visited my School on the 27th instant they suggested that as the building was going on it would be advisable to build an upper storey at the same time as, if built now, it would be cheaper and at all events it would provide more sleeping accommodation for the inmates of the orphanage whose dormitory is a little over Crowded.

They advised me to write to you on the subject, and the Honble the Resident promised to Consider favourably an application for a new building grant. if recommended by you: He added at the same time that perhaps it would not be possible to pay that extra grant

just now, but on my assurance that I would be
Content with a definite promise, as it was done
in the case of Bishop Cotton's School, and would
proceed with the work he expressed the opinion
that in that case there could be no difficulty
and he urged me to send you, as soon as possible,
a fresh application with plans and estimates
for your kind Consideration.

The work of the lower storey is
almost Completed and in order not to have
to interrupt the work which would mean
extra expense, I would be extremely thank
ful to you if you could kindly recommend
my scheme for the sanction of the Resident
at a very early date.

In order to save time, I am sending
you the letter together with the application
and estimates of the proposed upper room
through the Commanding Royal Engineer
who has kindly promised to have the estimates
checked and posted in order that they may reach
your office on 1st August

I have made the application on a

one."

THE RESIDENT MYSORE

BANGALORE.
4th March 1909

Dear Father Tabard.

With reference to our conversation the other day, I see from the records of the Residency Office, that on the 26th August 1908, an application was made for a grant-in-aid of Rs. 880/- towards the construction of an upper storey for St. Patrick's School and that as no funds were available in the Budget for 1908-1909 the Director of Public Instruction was requested to renew the application in the next financial year. Provision for the above grant has been made as well as for the balance of the grant sanctioned in September 1908, for building a lower storey for the same school, has been made in the budget for 1909-1910. But it is of course impossible to say as yet that the Government of India will not cut down the budget estimate.

I satisfied myself at my recent inspection that the other articles included in the application are really required. The prices quoted for furniture and crockery are those asked by a local commission agent.

5. One reason for specially recommending this grant is that the Manager of the Orphanage has of recent years incurred very heavy expenditure on the institution and has not turned away any boarders despite the very small boarding grant paid last year".

SIR,

With reference to your letter No. 6852 dated 19th October 1909, I have the honour to state that the grant already recommended for the typewriters represents one half of their cost and that I do not think it necessary to fix a higher rate for Bangalore.

Sir,

I have the honour to submit an application from the correspondent of the St Patricks Orphanage, Bangalore for a ~~Supplementary Fixed~~ ordinary Grant and to recommend that the ~~Fixed~~ grant of Rs 1800 at present sanctioned for the School be raised to Rs 2500 with effect from the current year. It will be found from my Inspection Report for the current year which is now being submitted that my remarks therein substantiate the correspondent's main contention. I have the following remarks to add.

(i) The attendance Grant for which the School is eligible under the Bangalore Code (See remarks on ~~Financial Statement~~) amounts to Rs 3014 though liable to reduction under article 27 of the code of Regulations for European Schools.

(ii) There are in the orphanage 83 orphans eligible on grounds of destitution for Boarding Grants, but only 65 orphans receive Boarding Grants. This is an increase on last years Boarding Grants, but the

heavy loss sustained by the management last year has the honour in mind. It is true that the expenditure with reference to which strictly speaking the Fixed Grant should be calculated is not large. But in an institution of this kind, I think that in Special cases the total expenditure may be considered and there can be no doubt that the institution as a whole involves the management in heavy loss.

(iii) As stated in the Report, the staff is insufficient and the Scholastic work poor. I believe that increased expenditure is necessary before it can become efficient. Continuance of any increase in grant that may be given should be subject to the condition that the Scholastic work of the School is improved.

Sir,

I have the honour, under Code of Regulations for European Schools 38, to place before you for your favourable consideration, this application for a supplementary Teaching Grant, on behalf of St. Patrick's School, Bangalore.

As you are aware, my School is altogether a Poor School where the inmates of the Orphanage and destitute children from Shoolay receive a free Education, only a few boys being able to pay a nominal fee. It has no endowments or resources of any other description, but the Govt. in-aid. The balance between that grant and the extra expenditure I have to make up myself out of my own private means,

which you will understand, I find extremely difficult.

When the teaching grants of the several schools in Bangalore were revised the principal schools, which have large incomes of their own, were treated very liberally and their Grants increased by several thousands of Rupees, whereas St. Patrick's School with almost the largest number of European and Eurasian children on its rolls received only an increase of Rs 300/- per annum.

I may also add that it is my intention to open a class of Typewriting, but in doing so, I fully depended on an increase of grant for the current year, as otherwise I shall have to face extra expenses with a grant which is already inadequate to meet the ordinary ones.

Under those circumstances I beg you will be so good as to recommend my application for a Supplementary Teaching Grant for the current year.

In returning herewith the estimates and plan for renewing the cook-house for St.Patricks School and Orphanages, I have the honour to apologise for the delay that has occurred since its receipt with your No.1634 of 17th. March 1911. The quantities seem to have several mistakes in them, but actual measurement on completion of the work will show what is correct.

2. The rate for item 15 cannot be checked as the thickness of the wood work is not stated. Item 16 is not understood, shutters are allowed for the shelves in item 15, and then again wire netting in item 16. As the description of wire netting is not stated the rate cannot be checked.

3. Excluding these two items the estimate amounts to Rs 1276-8-1, & assuming the values given for items 15 & 16 are correct the total will come to Rs 1865-0-1 instead of Rs 2159-14-1.
